La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by J. E. Kaufmann.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. J E. Practial jokers have a way of imitating the boomerang, as Charles Day, of Marshall, Mich, has discovered to his discomfort and discomfiture Mr. Day was sitting in a barber shop getting his hair cut, and when the idea struck him that it would be real funny to touch the barber's hand with a lighted end of a cigarette and see him jump. The barber was just rubbing some bay rum on Day's head and the cigarette ignited the alcoholic mixture, which bluzed up like a torchlight procession. In four seconds there wasn't a hair left on Day's cranium and he has sworn off

on practical jokes. Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and

We are pleased to say that Mr. S. A. Ellisor, who had intended to move to Columbia, has decided to remain with us. Pneumonia Can be Prevented.

This disease always results from cold or an attack of the grip and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of La Grippe of the past few years, and not a single case has ever been reported that did not recover or that resulted in pneumonia, whiah shows it to be certain preventive of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cures of colds and grip. For sale by J. E. Kaufmann.
